

pruner::Tree

```
graph TD; A[pruner::Tree] -.-> B[pruner::TreeIterator]; B -.-> A;
```

The diagram illustrates a cyclic relationship between two classes. At the top is a box labeled 'pruner::Tree'. At the bottom is a box labeled 'pruner::TreeIterator'. A dashed purple arrow points from the 'pruner::Tree' box down to the 'pruner::TreeIterator' box. Another dashed purple arrow points from the 'pruner::TreeIterator' box up to the 'pruner::Tree' box. The text 'tree iter' is positioned in the center of the diagram, between the two boxes.
